

CHILD AND FAMILY UPDATE – RETURNING CHILD

This version of the form is to be completed annually if the child returns to the CCFS for more than one year.

Welcome back to the Early Childhood Lab School. The information requested here enables your child's current teaching staff to begin to become acquainted with your family. It informs us about your goals and expectations for your child's involvement in our program and helps us to coordinate your child's experiences here with the child's familiar home culture and routine. You will have an opportunity to discuss additional developmental information and questions during the home visit the teaching staff will arrange with your family. *Please be aware that the ECL program enrolls children who range in age from six months through five years. A few of the following questions may not apply at your child's current age.*

We appreciate the time you spend completing this form. The information you share with our staff allows us to better design an exciting, appropriate, and challenging program for your child.

To protect your family's privacy, this form will remain in your child's confidential file in our main administrative office and will be accessed only by the professional ECL staff.

Parent/Guardian 1 Name _____ Age _____

Describe any changes in occupation or student status in the past year:

Has your family changed during the past year as people have joined it by marriage, birth, invitation, or left it by death, divorce, or moving away?

- If so, please describe these changes:

- How did your child respond to these changes?

Please describe any pertinent legal or physical custody arrangements or visitation schedules (attach additional sheets if necessary):

Has your family moved during the past year?

- How did your child respond to the move?

In addition to the ECL, please describe routine childcare arrangements for the upcoming year:

Are there any other changes in your child or family that you would like to communicate to the staff?

Do you have any other questions or concerns about your child's development? The ECL strives to design an inclusive program that is able to serve children with a broad range of developmental needs and differences. Please describe here any developmental concerns, differences or diagnoses that might indicate a need for individualized observation, support, accommodations or modifications in a classroom setting.
