

What I Do at School in the Red Room Preschool

When I arrive to the Red Room
Preschool, I take off my shoes,
wash my hands, and answer the
Question of the Day.

Next, I do an activity at my table until it's time for our class meeting. At the class meeting, we look at the calendar and talk about what's new to play with in the classroom.

Then we have small-group. We get to do special activities with our friends and teachers. After small-group, we make a plan for where we will play.

Then I go play with my friends.
We like to dress-up and read books.
Sometimes we play with blocks and other
times we do art.

After I clean up my toys, we sing songs and read stories at circle time.

Next, we wash our hands and sit down for snack. I like to talk to my friends about what I did during playtime.

During outside time, I can ride on the tire swing, play in the Sand Area, ride bikes, or climb the firetruck.

After we play outside, we drink water, play games, and sing songs at circle time.

Then we sing
our goodbye
song.

At the end of the
day, I grab my
things and say
goodbye.

The End
